

SHADE through Florida Buy

Quick and Easy Purchasing
www.floridabuy.org

The Florida Buy State Cooperative Purchasing program offers a FREE state-wide solution for government procurement.

Shade Solutions for Florida

Florida weather can limit the use of many outdoor spaces due to heat, harmful UV exposure, and other extreme weather conditions. Commercial shade structures are a low-maintenance solution for Florida to improve the usability and comfort of many outdoor applications including:

- Outdoor classrooms
- Blacktops and recess areas
- Playgrounds
- Parks
- Amphitheaters
- Bleachers
- Outdoor lunch areas
- Parking lots
- Sportsfield and Arenas
- Walkways
- Courtyards and common spaces
- And more

Florida Buy State Cooperative Purchasing program assists schools, non-profits, and other eligible users with easy and efficient purchasing solutions.

No membership required. This free purchasing program is also a solution to the new education purchasing statute (F.S. 1010.04(1)(b)) requiring Florida school to review purchasing agreements under FS.287.056 before making a purchase for the school.

Browse pre-approved vendors and suppliers of product and services at the Florida Buy website.
